Selection of a Primary Care Provider - A primary care provider helps you manage your health and well-being. You may choose any primary care provider who participates in the network and who is available to accept you or your family members. For more information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Tiered Benefits - This Tiered benefit plan provides an opportunity to lower your out of pocket costs by selecting Tier 1 providers in your plan's network. Physicians designated as a Tier 1 provider promote quality, cost effective care. The "Tier 1 Provider" designation applies to physicians from the following specialties

Primary Care Provider (PCP) Types: Family Practice Internal Medicine Pediatrics

Specialist Types:			
Allergy/Immunology	Endocrinology	Neurology	
Cardiology	Gastroenterology	Neurosurgery	Pulmonology
Cardio-Thoracic Surgery	General Surgery	OB/GYN	Rheumatology
Dermatology	Hematology/Oncology	Ophthalmology	Urology
Ear/Nose/Throat (ENT)	Nephrology	Orthopedics/Surgery	

The In-Network benefits described in the summary below show benefit levels for care received from Tier 1 and Non-Tier 1 providers as applicable. If you select an in-network provider in one of the specialties above, who does not have the "Tier 1 Provider" designation, any covered services billed for by that physician will be covered at the Non-Tier 1 benefit level.

Covered services from Physicians not listed in one of the Specialist Types above are covered at the same benefit level as Non-Tier 1 providers.

Physicians that are Tier 1 designated providers are identified with "Tier 1 Provider" next to their name within our provider directories on cigna.com, mycigna.com, and Cigna's mobile app.

Additional Information

Case Management
Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

Out-of-Network Emergency Services Charges
1. Emergency Services are covered at the In-Network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Medicare Coordination
In accordance with the Social Security Act of 1965, this plan will pay Secondary to Medicare Part A and B as follows:
(a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent Spouse and/or Dependent Child(ren), including a former Employee's Domestic Partner, or a COBRA continuant (whose insurance is continued for any reason), and who is also eligible for Medicare due to age or disability;
(b) an Employee's Domestic Partner who is also eligible for Medicare due to age;
(c) an Employee, a former Employee, an Employee's or former Employee's Dependent Spouse and/or Dependent Child(ren), an Employee's Dependent, including a Domestic Partner, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

Multiple Surgical Reduction
Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.
