Pharmacy Directory

There are thousands of retail pharmacies in your plan's network. They include local independent pharmacies, grocery store pharmacies, retail chain pharmacies and wholesale warehouse store pharmacies – all places where you may already shop.

About this directory

This is a list of the major retail chain pharmacies and independent pharmacies in the United States, Guam, Puerto Rico and the U.S. Virgin Islands that participate in the Cigna HealthcareSM National Network.

- Pharmacies are listed alphabetically by state.
- This directory is updated often. **It's not a full list of retail pharmacies in your plan's network.**
- Log in to the **myCigna® App**¹ or **myCigna.com**[®] and use the Price a Medication tool to find an in-network pharmacy near you. Or go to **CignaHealthcare.com** and click on "Find a Doctor" to look for a pharmacy.

Consider home delivery and skip the pharmacy line.

Home delivery with Express Scripts® Pharmacy is a convenient option when you're taking a medication on a regular basis.² It's simple, safe – and saves you trips to the pharmacy. To learn more, go to **Cigna.com/homedelivery** or call **800.835.3784**.

- Order, manage, track and pay for your medications on your phone or online
- Standard shipping at no extra cost³
- Fill up to a 90-day supply at one time⁴
- Helpful pharmacists available 24/7
- Automatic refills⁵ or refill reminders so you don't miss a dose
- Flexible payment options – split your bill into three smaller equal payments

Using a specialty medication? Consider using Accredo's specialty pharmacy.

Accredo[®] is focused on supporting patients living with a complex medical condition.² Their team of specially trained pharmacists, nurses and clinicians work together to provide patients with the care and support they need to manage their therapy. Accredo also fills and ships specialty medications to their home, workplace or doctor's office.⁶ To learn more, go to **Cigna.com/specialty** or call **877.826.7657**.

- Get personalized care services
- Talk to a specially trained pharmacist, nurse and/or clinician, 24/7
- Learn how to work through side effects
- Find ways to help pay for your medications, if needed
- Get standard shipping, at no extra cost³
- Sign up for refill reminders
- Easily manage your medications by phone or online

1. App/online store terms and mobile phone carrier/data charges apply. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
2. Not all plans offer Express Scripts® Pharmacy and Accredo as covered pharmacy options. Log in to the myCigna App or myCigna.com, or check your plan materials, to learn more about the pharmacies in your plan's network. Cigna Healthcare maintains an ownership interest in Express Scripts® Pharmacy's home delivery services and Accredo's specialty pharmacy services. However, you have the right to fill prescriptions at any pharmacy in your plan's network. You won't be penalized regardless of where you fill your prescriptions.
3. Standard shipping costs are included as part of your prescription plan.
4. Certain medications may only be packaged in less than a 90-day supply. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
5. Express Scripts® Pharmacy can automatically refill certain medications. Log in to the myCigna App or myCigna.com or call 800.835.3784 to sign up. You can sign up to get emails and/or texts from Express Scripts® Pharmacy. To get text messages, you'll have to sign up for the Express Scripts® texting service. You can do this online or over the phone. Once you sign up, simply reply to their welcome text to get started. Standard text messaging rates apply.
6. As allowable by law. For medications administered by a health care provider, Accredo will ship the medication directly to your doctor's office.

Para obtener ayuda en español llame al número en su tarjeta de Cigna Healthcare.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the Food and Drug Administration (FDA), prescribed by a health care provider, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copay, coinsurance or deductible requirements. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

All Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.
