

MDLIVE MAKES YOUR VISITS QUICK AND EASY

Get care whenever and wherever with medical and behavioral/mental health virtual care.

Life is demanding. It's hard to find time to take care of yourself and your family members as it is, never mind when one of you isn't feeling well. You may also want to avoid going to the doctor's office in person due to potential exposure to COVID-19 or the flu. That's why your health plan administered by Cigna includes access to medical and behavioral/mental health virtual care.*

Whether it's late at night and your doctor or therapist isn't available or you just don't have the time or energy to leave the house, you can:

- › Access care from anywhere via video or phone.
- › Get medical virtual care 24/7/365 – even on weekends and holidays – for you and your covered family members.
- › Schedule a behavioral/mental health virtual care appointment online in minutes.
- › Connect with quality board-certified doctors and pediatricians, as well as licensed counselors and psychiatrists.
- › Have a prescription sent directly to your local pharmacy, if appropriate.

**Convenient? Yes.
Costly? No.**

Medical virtual care for minor conditions costs less than ER or urgent care center visits, and maybe even less than an in-office primary care provider visit.

Together, all the way.®
